

Wood Bleach – Part A

Product Name: Wood Bleach Part A

Product Code: WB-A20

Description:

Wood Bleach Part A is a specialized solution formulated to **restore the natural beauty of wood** that has lost its original appearance. This solution effectively *removes aged dirt and stubborn contaminants*

from the surface of the wood. It also treats as *wood surface preparing solution* before further treatment with Wood Bleach Part B to enhance its natural appearance.

Features:

1. Restores the natural beauty of wood.
2. Removes aged dirt and contaminants.
3. Prepares the wood surface for further treatment.

Application:

1. Ensure the wood surface is free from debris or loose contaminant.
2. Apply Wood Bleach Part A solution evenly onto the wood surface using a brush or sponge.
3. Allow the solution to react and loosen the contaminant on the wood surface. Apply additional layer of Wood Bleach Part A solution for stubborn surface.
4. For stubborn stains, apply minor scrub with a soft brush.

5. Allow the wood to dry completely before proceeding with further treatment, such as application of Wood Bleach Part B.
6. Wipe the wood surface 2 times with a wetted fabric to ensure total removal of Wood Bleach solution.

Safety Precautions:

1. Wear appropriate personal protective equipment (PPE), including **gloves and eye protection**, when handling Wood Bleach Part A solution.
2. Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek immediate medical advice.
3. Ensure proper ventilation when using this product.
4. Keep out of reach of children and pets.
5. Store in a cool, dry place away from direct sunlight and sources of heat.

Packaging:

Wood Bleach Part A is available in the following packaging sizes:

1. 5-liter PE container
2. 20-liter PE container

Note:

For optimal results, it is recommended to use Wood Bleach Part B in conjunction with Wood Bleach Part A.

For further information and detailed usage instructions, please refer to the product label and safety data sheet (SDS).

Wood Bleach - Part B

Product Name: Wood Bleach Part B

Product Code: WB-B20

Description:

Wood Bleach Part B is water clear liquid with a characteristic chlorine-like odor. It is a good bleaching agent applies on wood surface after the Part A solution.

Features:

1. Strong oxidizing agent.
2. Bleaching properties for stain removal and whitening.
